

Where Global Energy Connects...

IICEC 7TH INTERNATIONAL ENERGY AND CLIMATE FORUM

"Paris COP21: What Implications for Energy Industry?"

IICEC 7th International Energy and Climate Forum, organized by Sabancı University Istanbul International Center for Energy and Climate, will be held on **June 10, 2016**, at the Conrad Hotel Istanbul, Turkey.

IICEC's International Energy Forum series, fostering the development of policy recommendations on energy and climate received brilliant feedback accompanied by huge media coverage. IICEC's annual flagship Forums; "Towards a New Global Energy Landscape: What Role for Turkey?" (2013), "Global Energy Investments: Challenges and Opportunities" (2014) and "On the Road to Antalya G-20 Summit: Global Energy Security Today and Tomorrow" (2015), explored new strategies and solutions on a regional and global scale offering a unique platform for energy leaders in creating a more secure, sustainable and prosperous global energy future.

IICEC 7th International Energy and Climate Forum will once again bring together top level government leaders, energy industry executives, high-level representatives from the leading universities, policy centers and international think-tanks from around the world to challenge conventional thinking to embrace new frontiers in turbulent times.

Please very kindly note June 10, 2016 in your agendas.

Sincerely yours,

Güler Sabancı
